Re: Consumer Protection and Debt Defense

Dear Counselor:

I recently opened a law practice focused on serving Idahoans in consumer protection and debt related disputes. These issues include:

**Common Consumer Issues**

- **Auto sales** – unlawful advertisements, truth in lending, breach of warranties, etc.
- **Landlord Abuses** – Failure to perform repairs or unlawful evictions.
- **Contractor Disputes** – charges for work not performed or overcharges.
- **General unfair treatment** – businesses may not engage in unfair or deceptive acts towards consumers.

**Debt Defense**

- Analyzing debt claims;
- Preparing defense strategies;
- Evaluating potential affirmative claims (Fair Debt Collection Practices Act, Fair Credit Reporting Act, or state consumer protection laws);
- Court representation available at reduced or flat fees.

I will be holding a FREE debt defense clinic beginning March 2018. The purpose of this clinic is to share debt defense strategies with individuals who are dealing with debt claims against them. I will discuss why people should defend claims and how the court process works. My debt defense website is [IdahoDebtDefense.com](http://IdahoDebtDefense.com) for more information.

If you come across anyone who may need assistance in any of these areas that your office is not able to provide, I would appreciate any referrals.

Sincerely,

Leland K. Faux
